ABC dues are not deductible as a charitable contribution for Federal Income Tax purposes but may be partially deductible as a business expense. ABC estimates that for 2012, 13% of your dues are non deductible because they are related to lobbying activities on behalf of its members.

We understand that annual contractors dues are based on the immediate preceding year's volume of work invoiced or current year forecast. My companies annual volume will be listed in the National and Local Directories. The correct volume is important because it reflects the size and capabilities of the company and this information is referred to when determining the ability to handle large projects. We hereby declare that the total volume of work or forecast for the year 20____ as \$ _____ and our dues amount is \$ _____ for our first year of membership.
